

# ENERGY TO CARE AWARD

FOR REDUCING ENERGY USE INTENSITY

## CHOC CHILDREN'S HOSPITAL

**Ecom-Energy** is proud to have helped **CHOC Children's Hospital** earn an **Energy to Care Award** from the American Society for Healthcare Engineering (ASHE).

For nearly a decade, Ecom-Energy has partnered with CHOC to provide **objective expertise** related to all aspects of CHOC's energy program - from utility benchmarking and EV charging to onsite generation and competitive energy procurement.

The **Energy to Care Award** recognizes healthcare facilities like CHOC that proactively seek to reduce energy use. Ecom-Energy is thrilled to see its customers be recognized for their tireless work toward energy excellence.

**Congratulations on this great achievement!**
